

This fee schedule applies to Cash-Only patients. Just as with insurance carriers, cash-paying patients are actually charged a higher amount, which is 'adjusted' to the amount shown. You are responsible ONLY for the amount below, and the adjustment is forgiven. This Fee Schedule may also serve as an approximation of a patient's costs for services performed under a high-deductible or health-savings type plan

**Office Visits**

Established Patient 99211 (Nursing Visit)	\$22
Established Patient 99212 (Simple Problem)	\$38
