Family MIW Procedure

- Family member must go to Court House (Off: 502-595-3261, 6th & Jefferson) to take out MIW. Process takes about an hour.
- MIW typically not upheld if Substance Abuse involved

¹ Burke and Spears do not take new out-patients, but DO follow all in-patients after discharge. They are generally full, though, so recommend Stephanie Hall for out-patient, and Colleen Ryan for inpatient. All have good inter-communication and communication with us.

² This is not required by law but instead is due to willingness of facilities and doctors to traverse the MIW court system. Keep in mind that UofL is out-of-network for several carriers.
